Amateur

# Can Erdem Tükenmez

## SOFTWARE DEVELOPER

Software developer with 8+ years of experience building backend systems and web applications on the .NET stack, currently at Migros, Türkiye's leading grocery retailer. In my own time I design, build and publish cross-platform mobile apps with .NET MAUI, three of them live on the App Store and Google Play, and run the Linux servers behind them. M.Sc. in Software Engineering; European silver medallist with the national bridge team.

## EXPERIENCE

- .NET Developer** Jul 2022 – Present  
**Migros Ticaret A.Ş.** · İzmir
  - Backend developer building and maintaining enterprise applications for one of Türkiye's largest retailers.
  - Develop services and web modules with .NET Core and ASP.NET MVC; write and tune Oracle PL/SQL on the data side.**Stack:** .NET Core, ASP.NET MVC, PL/SQL, JavaScript, jQuery, CSS
- R&D Software Developer** Feb 2019 – Jul 2022  
**Probel Software Inc.** · İzmir
  - Backend developer on the Hospital Information Management System used by hospitals across Türkiye.
  - Built business-intelligence and purchasing applications for provincial health directorates.**Stack:** ASP.NET MVC, C#, PL/SQL, JavaScript
- Freelance Software Developer** 2018 – Present  
**Self-employed**
  - Delivered end-to-end web applications, from database design to deployment, for local businesses and institutions: İZOGEM (2020), Bornova Municipality BELGEM forms (2020), Barış Dalgıç Real Estate (2021), Dalgıç Pen (2019), A'ppetit Cafe (2022).
- Intern Software Developer** Mar 2018 – Jun 2018  
**Image Software** · İzmir
  - Worked on hotel management systems with ASP.NET MVC.

## PERSONAL PROJECTS

**Mobile apps under my own brand, Cordelia Software** cordeliasoftware.net  
Designed, built and published end to end: .NET MAUI clients for iOS and Android, ASP.NET Core APIs, MariaDB, store releases and the servers they run on.

### FINANCE

#### Kişi Başı

Splits shared expenses with friends and works out who owes whom, with real-time sync.

### SPORTS

#### SporkoLig

Create your own football, basketball and volleyball leagues, fixtures and player stats.

### HEALTH

#### Nöbetçi Eczane Bulucu TR

On-duty pharmacy finder for all of Türkiye: map, nearest by location, one-tap call.

**Also:** operate my own Debian server hosting 20+ .NET web apps and APIs (Apache reverse proxy, systemd, MariaDB, Let's Encrypt).

## EDUCATION

- M.Sc. Software Engineering** İzmir Kâtip Çelebi University  
2020 – 2021 · GPA 3.80 / 4.00
- B.Sc. Mathematics** Akdeniz University, Antalya  
2010 – 2017

## TRAINING

- .NET Software Development Program (300 hours)** Jun 2018 – Sep 2018  
**Bilge Adam Academy** · İzmir · Certificate of Achievement, score 92  
Microsoft Official Courses: Programming in C# · Developing ASP.NET MVC 4 Web Applications · Programming in HTML5 with JavaScript and CSS3
